SKILLS SUMMARY

- **Languages:** Python, HTML, TailwindCSS, JavaScript, SQL, Bash
- **Frameworks:** Astro, Hugo, Svelte, NodeJS, Django
- **Tools:** Docker, GIT, Azure
- **Other Skills:** Community Management, Developer Education and Experience, Technical Documentation, and Public Speaking

EXPERIENCE

- **Appwrite** Remote
Developer Advocate (Full-time) *April 2022 - December 2023*
 - **Building communities and programs:** I was responsible for managing and growing the community. The numbers grew by over 100 % due to the various initiatives I led; we also received the "Most Welcoming Developer Community" award at DevRelCon London. I built the "OSS Fund" program from scratch; it supported 20 open-source project maintainers. Through this program, I helped build strong partnerships with open-source communities, increasing brand recognition. OSS Fund was also nominated in DevRelCon London 2023 under the "Greatest Contribution to Society" category.
 - **Developer Education & Experience:** I lead educational initiatives like GitHub Octernship and Hacktoberfest, and we were awarded the "GitHub Phenomenal Education Award". Wrote various technical blogs that helped developers learn and build with Appwrite. I also helped the team build a developer journey and improve our documentation
 - **Building integrations:** I was responsible for developing and implementing integrations between Appwrite and various platforms such as Microsoft Azure, Astro, Coolify, Twilio, Hugo, Mellisearch, and Autodesk. These integrations were critical in expanding the functionality of our product, resulting in increased user satisfaction and adoption.
 - **Developing content:** I was responsible for writing social media posts and blog content that led to an increase in brand presence.
- **Microsoft** Bangalore, India
Technical Support Engineer (Full-time) *April 2021 - March 2022*
 - **Contributed to Microsoft Learn Documentation:** I had built tutorial on [Microsoft Power Platform](#) and a technical blog on [how to build a chatbot using Azure and Power Automate](#)
 - **Customer support:** Helped Microsoft customers troubleshoot problems related to Outlook and Exchange.
- **KonfHub** Remote
Community Manager (Internship) *August 2020 - October 2020*
 - **Led developer advocacy programs for Microsoft and AWS:** I was responsible for heading events and other programs for Microsoft and AWS, which were KonfHub's clients then.
 - **Improving Developer Experience:** Worked closely with the Product and Marketing team at KonfHub to improve developer experience in the platform.

PROJECTS

- **GitHub Action:** Built a [GitHub action](#) that automates your Machine Learning model training, with the help of autofeat python package.
- **NPM introduction package:** Built an [NPM package](#) that gives my introduction on running the command npx hello-haimantika
- **Blogging site:** Built a [blogging site](#) using Appwrite and Astro.
- **Query converter:** Built a [query converter](#), that converts AQL to JSON.

EDUCATION

- **Siliguri Institute of Technology** Siliguri, India
Bachelor of Technology - Electronics and Communication; GPA: 9.21 *July 2017 - June 2021*

HONORS AND AWARDS

- Winner of Smart India Hackathon - October 2020
- Winner of GitHub Actions Hackathon, 2020
- Runners up of "Greatest Contribution to Society" award for OSS Fund, in DevRelCon London, 2023
- Been a [speaker at multiple conferences](#) in India and abroad since 2020.
- Featured in [multiple blogs by Microsoft](#) about my journey in tech.

VOLUNTEER EXPERIENCE

- **Microsoft Learn Student Ambassador** Remote
Conducted multiple technical events impacting over 10000+ students. *Jan 2020 - October 2021*
- **Teacher at Siliguri Welfare Organisation** Siliguri, India
Mentored and tutored students from less privileged background in Computer and English. Jan 2019 - December 2020
